Junior or Senior	Thursday, May 11 from 9:00-10:00 p.m.

* There will be no off-ice the week of try-outs.

What should my skater wear to try-outs?

Please wear black pants, black tank top, and jacket or long sleeves that are form-fitting. NOTHING BAGGY! Hair should be in a nice bun.

Can I watch try-outs?

Try-outs are closed to all spectators to allow skaters to fully concentrate and perform at their best without the distraction of an audience. Parents/guardians are welcome to stay in the lobby during the try-out but if rink side, will be told to leave. However, parents are welcome to watch all practices during the season.

How and when are the team placements announced?

Placements will be sent to the parent e-mail used in your online registration form according to the following schedule:

- By the end of the week of May 22nd

What happens next?

We will e-mail parents with try-out results. There will be information in the try-out results that state when the team's information meeting will occur.

I am interested in joining the Cleveland Edges, but cannot make the try-out dates.

What should I do?

While we prefer to evaluate the skaters in groups, we can arrange alternative try-outs. For a makeup try-out, please contact coaches@clevelandedges.com.

Where do you practice?

We train at the North Olmstead Recreation Center, 26000 Lorain Rd., North Olmsted, OH, 44070.

When will Summer Boot Camp be held?

Once teams are selected, you will be assigned a week for Summer Boot Camp. Depending on your level, you skater will either attend Boot Camp from June 12-16 or June 19-23. Start and end times TBD.

When will Summer Clinics start?

Summer Clinics will begin on July 11 and will run until Aug. 31. Depending on team, skaters will come to clinic on either Tues. or Thurs. evenings.

Can I still make progress in my individual skating if I skate synchro?

Yes! In fact, we've seen that most of our skaters make MORE progress while skating synchro than they would have otherwise. Simply put, they spend more time on the ice, focus on strength and extension, and become more comfortable performing in front of large groups. Additionally, they are often more motivated to continue setting goals and passing tests when they see their teammates moving through the levels.

We hope the answers to these questions have provided you with some basic information. Please feel free to contact us at info@clevelandedges.com for further questions. We look forward to seeing you at our try-outs!
